BIKER'S GUIDE

DISCOVER THE TERRITORY IDEAL FOR THE CYCLIST

A non-competitive ride for all road cyclists on Festival Sunday.

Girona is where professionals train for most of the season. The area offers medium mountain routes with small climbs on narrow, unspoilt roads. Cycling through the Pyrenees and Mediterranean is the best way to discover this wonderful territory.

It's also near the sea, so one route goes along the Costa Brava. Experience dreamlike landscapes at the Ciclobrava by Orbea. The area has great weather too. Perfect cycling weather.

The best way to cycle is without pressure. Everyone rides at their own pace.

The festival has a great atmosphere. Ciclobrava by Orbea offers three routes of approximately 70 km, 100 km and 150 km. Each cyclist can take in their own way. The challenge is personal and the reward is the views.

- **DATE** 21.09.25
- **150 START** 08:00H
- **100 START** 08:10H
- **70 START** 08:20H
- **150 CIRCUIT** 151,57 KM | 1.756 M+
- **100 CIRCUIT** 104,62 KM | 1.002 M+
- **70 CIRCUIT** 70,85 KM | 1.009 M+

- Bikewash
- Changing rooms
- Food Trucks
- Cloakroom
- Bikepark

CONTROL POINTS

The Ciclobrava by ORBEA is a **NON-COMPETITIVE**, open road cycle race, which means that traffic regulations must be followed at all times.

We will be accompanied by the Mossos d'Esquadra and the local police of the different towns we pass through, but not to give priority to cyclists, just to regulate traffic, so we must always follow their instructions. For safety reasons, there will be organisation motorcycles to indicate possible incidents.

DISTANCE OF 70 KM

In Cassà de la Selva there is a slight variation in the route; follow the signs and the instructions of the volunteers.

DISTANCES OF 150, 100 AND 70 KM

The three routes meet in the town of Monells-Sant Sadurní de l'Heura and Cruilles, where extreme caution is required. The **150** km route will enter on the right and the **100** and **70** km routes on the left, creating a bottleneck. Please take extreme care.

It is the local festival in Monells-Sant Sadurní de l'Heura and there are several events in the municipality at the time of the Ciclobrava, so extreme caution is required as there will be a lot of vehicle traffic and hikers at the same time as we pass through.

At the **150** km route, extreme caution must be exercised due to the stream crossing at KM 114.6.

ECO-RESPONSIBILITY

It is very important not to leave any rubbish in the countryside and to use the containers that you will find at each refreshment point, in this way we will respect the environment and the flora and fauna that Girona offers us.

Solidarity and respect for riders, volunteers, sponsors and the public are essential elements of the Ciclobrava by ORBEA. Every wrapping or container that we throw on the ground must be picked up by someone. When we throw it away, we should think of the volunteer who will have to pick it up.

MEDICAL DEVICE

- 1 PMA at the finish line
- 2 SVA on the route
